

## Students' School Experiences

### Student Attendance

Fewer students never or almost never missed school in 2023

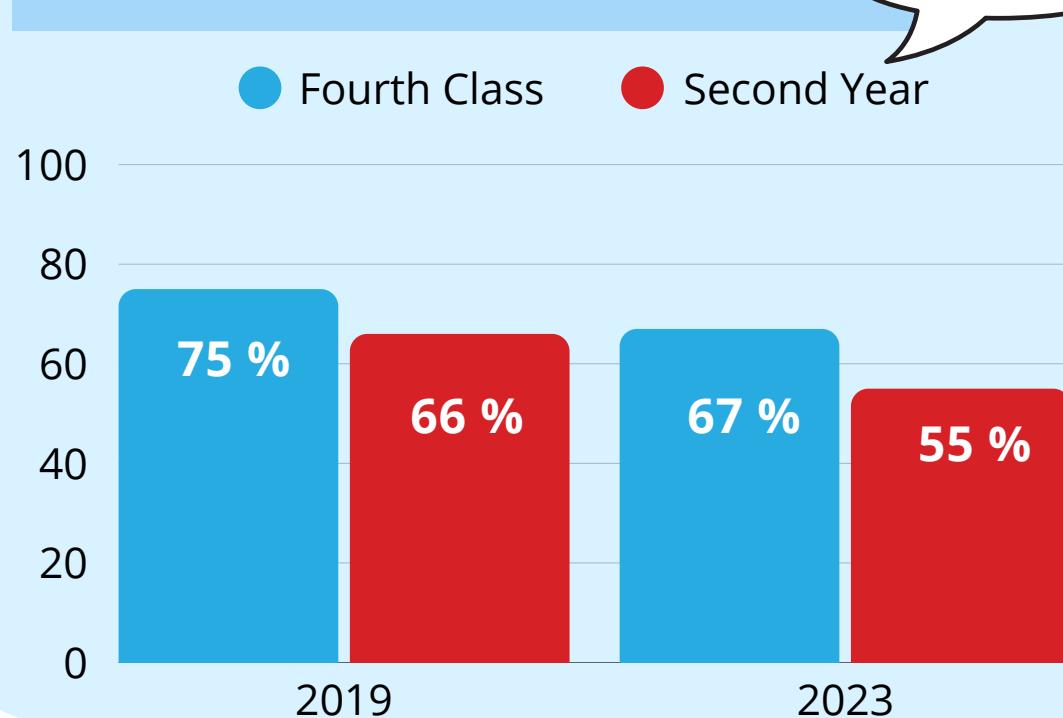

DEIS

More students were regularly absent in DEIS schools than in non-DEIS schools

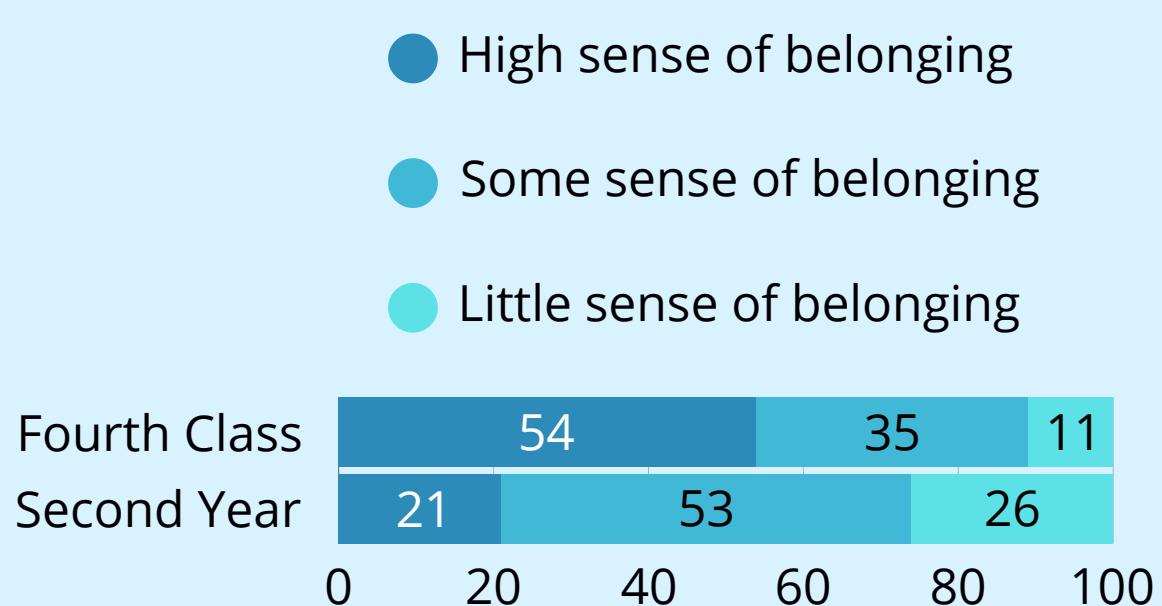

### Sense of School Belonging

Fewer students agreed with the statement...

*I like being in school.*

Fourth Class students had a higher sense of school belonging than Second Year students in 2023

### Experiences of Bullying Behaviours

At Fourth Class, the most common types of bullying in 2023 were being made fun of and being left out of activities

At Second Year, having embarrassing photos shared online was slightly more common in 2023 compared to 2019

In general, experiences of bullying were reported less often in Ireland than internationally.
